## **Statement of Consent - Laboratory Safety Agreement**

Based on the established Laboratory Safety Rules of the Department of Chemical Engineering of Aristotle University of Thessaloniki, I, ......, a student in the Department, declare that:

- 1. I have been trained, I have acquired the necessary theoretical knowledge and practical training, and I have passed successfully the examination on laboratory safety issues.
- 2. I have studied, I have examined and I fully understood the laboratory safety rules for all courses and related activities of the Departmental curriculum.
- 3. I agree that I must behave responsibly and safely in the laboratories at all times.
- **4.** I have fully informed the Department of Chemical Engineering about the state of my health that allows me to participate in educational activities governed by safety rules.
- **5.** I will strictly apply the safety rules in the framework of the educational activities of the curriculum.
- **6.** I will fully cooperate with colleagues and those in charge for creating and maintaining a safe environment in the laboratory. Any failure to comply with safety rules may lead to unsafe situations and cause harm to me and others.
- 7. I understand that I could be dismissed from a laboratory session if I do not apply the safety rules and do not observe proper safety procedures.
- 8. I understand that recurrent violation of safety rules may lead to my removal from the remaining laboratory exercises, without any possibility of participating in lab sessions, of the current academic semester.
- **9.** Withdrawal of permission to participate in laboratory activities of the Departmental curriculum implies return to training and re-evaluation.
- **10.** I understand that not signing this statement does not allow me to participate in any laboratory exercise for safety reasons.
